Ms. Jan Palajac

Livermore Area Recreation and Parks Department - LARPD

4444 East Avenue

Livermore, CA 94550

Dear Ms. Jan Palajac:

Robertson Park is a great place. I have been going there all my life. It is really close to my home. I love the climbing wall. Yet, it could use some monkey bars.

Even though I love this park I am starting to outgrow all the things here. Monkey bars would be a good addition. They are a good exercise for your arms. Also, this gives something for the older kids to do. In addition, there is room for them by the logs. It would be an easy addition.

LARPD should build monkey bars at Robertson Park because that's fun. Monkey bars are good exercise, great for older kids, and there is plenty of room for them. Monkey bars would make Robertson Park a much better place to play.

Sincerely,

Avery Kohn - age 9
